Why Choose Lee County's Technical Colleges?

Financial aid is based on individual student need or merit criteria. The Financial Aid office will help you determine your eligibility for various types of assistance.

There are many types of financial assistance available including federal and state grants, scholarships, and Veterans benefits. In addition, there are numerous agencies that provide assistance for educational career training to help offset educational costs.

For Students, Not Profit

Lee County's technical colleges prepare students for various careers and provide programs of study ranging in length from a few months to a year or more.

The awarding of a Certificate of Completion is governed by the Florida Department of Education and is based on successful completion of the requirements of the program, including applicable state basic skills requirements. Instructors use a variety of specific, competency-based examinations and performance criteria to determine program completion.

QUALITY

Our technical colleges are part of The School District of Lee County, Florida, a high-performing school district committed to student success.

STAFF

Our credentialed faculty and staff prepare every student for success through innovative teaching styles, hands-on practice in labs, clinical training, and internships/co-ops.

TIME

Many of our programs can be completed in just one year or less, getting students in high-skill, high-wage jobs faster than ever.

FINANCIAL AID

Students are assisted by our financial aid offices to make sure they receive aid based on eligibility.

ACCREDITATION

Our technical colleges are accredited by the Council on Occupational Education and Cognia.

COST

As a public institution, we offer all students the most affordable education with the lowest rates for tuition.

COLLEGE CREDIT

Graduates can earn future college credits at state universities in most career certificate programs of study, as well as gain valuable work-related experience in their field of study.

INDUSTRY CERTIFICATIONS

Holding a nationally recognized certification or license in a field is a powerful tool in job searches.

HIGH SCHOOL DUAL ENROLLMENT

High school students who meet the eligibility requirements and are recommended by their high school counselor may be admitted as a dual-enrolled student. Tuition is FREE to dual-enrolled high school students and they graduate with their class from their home high school.

EMPLOYMENT ASSISTANCE

Our career specialists provide a link between employers who wish to hire students and students who are actively seeking full- or part-time employment.

GAINFUL EMPLOYMENT

For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our websites

▶ = Programs Accepting High School Dual Enrollment

Course content, length, and costs are subject to change without prior notice.

Automotive Collision Technology Technician FMTC ▶

Length: 1400 hours (13 months)

Cost: \$6,902

Students will learn basic trade skills in refinishing; sheet metal repair frame and unibody squaring and aligning; use of fillers, paint systems and undercoats; related welding skills; trim-hardware maintenance; glass servicing; and other miscellaneous repairs as well as cost estimation and customer service expertise.

Certification: Automotive Service Excellence (ASE)

Automotive Service Technology FMTC ▶

Length: 1800 hours (15 months)

Cost: \$7,534

The complexity of modern vehicles makes automotive service and repairs a high-tech profession, requiring technicians to work with some of the most sophisticated computerized control systems on the market. Students will diagnose, maintain, repair, and fine tune a wide range of vehicles alongside a master technician while

utilizing advanced diagnostic equipment in a modern facility to troubleshoot and repair complex automotive systems. This program has National Institute of Automotive Service Excellence (ASE) and National Automotive Technicians Education Foundation, Inc. (NATEF) accreditation.

Certification: Automotive Service Excellence (ASE)

Barbering CCTC

Length: 900 hours (9 Months)

Cost: \$3,630

Students learn skills such as shaping hair, performing hairstyles, mustache and beard design, shaving the face and performing facial treatments. Additional training includes hairpieces, wigs, and hair attachments; permanent waves, chemical relaxing, coloring and highlighting, and entrepreneurship. This program stresses safety, Florida barbering laws and rules, and the related chemistry, bacteriology, anatomy and physiology and development of skills in performing the manipulative techniques in the practice of barbering.

Certification: Students prepare for the Barber License examination which is governed by the Florida Department of Business and Professional Regulation.

Biomedical Equipment Repair Technology

FMTC ▶

Length: 1140 hours (11 months)

Cost: \$4262

A biomedical equipment repair technician specializes in calibrating, maintaining, and repairing the medical machinery used in a healthcare facility. Students will learn how to handle complex machinery such as ventilators, infusion pumps, cardiac monitors, and defibrillators. They will also perform safety checks on electrical equipment, wheelchairs, and radiological diagnostic testing machines. The Biomedical Equipment Repair Technology program content includes, but is not limited to, hydraulics, pneumatics, optics, and mechanics to troubleshoot, service, and repair equipment commonly used for treatment, diagnosis, and monitoring of patients in a medical environment.

Certification: Biomedical Imaging Equipment Technician

Carpentry FMTC ▶

Length: 1200 hours (11 months)

Cost: \$4,704

Students learn the use of hand and power tools, safety, selection and use of materials, estimating, blueprint reading, and shop and tool safety, floor & wall framing, handling and storage of materials, roof systems, stair preparation, blueprint reading, exterior and interior finishes, site preparation and layout, window installation and applied math.

Certification: National Center for Construction Education and Research (NCCER)

Correctional Officer SWFPSA

Length: 490 hours • Cost: \$2,408

• **Starting dates—call 334-3897**

Practical skills and field experiences are an integral part of this program which includes courtroom demeanor and testifying; report writing; interviewing; communications; controlling and restraining techniques; weapons training; chemical agent applications; physical fitness training; fingerprinting; substance abuse recognition; emergency preparedness techniques; and interpersonal skills.

Certifications: Florida Department of Law Enforcement

Cosmetology CCTC FMTC

Length: 1200 hours (11 months)

Cost: \$4,241 (CCTC)

Cost: \$4,478 (FMTC)

Our Cosmetology course prepares you for an exciting career in the beauty industry. The program includes knowledge in styling, haircutting, coloring as well as caring for skin and nails. You will be guided by dedicated professional instructors committed to helping you attain your goals.

Certification Upon successful completion of the program, you will become eligible to apply and take the Florida Cosmetology Exam.

Crossover Correctional Officer to Law Enforcement Officer SWFPSA

Length: 541 hours • Cost: \$2,030

• Starting dates—call 334-3897

The purpose of this program is to give corrections officers the training they need to become certified law enforcement officers. This program is approved by the Criminal Justice Standards and Training Commission and the Florida Department of Law Enforcement.

Certifications: Florida Department of Law Enforcement

Crossover Law Enforcement Officer to Correctional Officer SWFPSA

Length: 226 hours • Cost: \$1002

• Starting dates—call 334-3897

The purpose of this program is to give law enforcement officers the training they need to become corrections officers. This program is approved by the Criminal Justice Standards and Training Commission and the Florida Department of Law Enforcement.

Certifications: Florida Department of Law Enforcement

Dental Assisting CCTC

Length: 1230 hours (11 months)

Cost: \$6,641

Pursue a career in the exciting field of dentistry! Students learn general chairside techniques, dental lab and business office administration. Earn a state certificate in dental radiography and dental assisting expanded functions. Prepare to take the DANB exam to become a Certified Dental Assistant.

Certifications: Students are eligible for the National Board Exam (DANB).

Digital Design CCTC

Length: 1200 hours (11 months)

Cost: \$4,239

Students develop dynamic creativity and software knowledge in the fields of graphic design and advertising promotion. Print and web design are focal points in this intensive and relevant career preparation program. Professional-based software programs include Adobe Photoshop, InDesign, Illustrator, and more.

Certifications: Photoshop; InDesign; Illustrator.

Early Childhood Education FMTC

Length: 600 hours (5 months)

Cost: \$2,623

Influence the future of infants, toddlers, and preschoolers by shaping their intellectual, social, emotional, and physical development. Utilize critical and creative thinking skills necessary for working with young children.

Certifications: This Child Development Associate (CDA)/Equivalency program provides the advanced credentials necessary to meet Department of Children and Families (DCF) licensing standards.

Electricity FMTC

Length: 1200 hours (11 months)

Cost: \$4,780

Students will use and maintain tools and accessories used by professionals in the electrical industry; read and interpret electric codes; demonstrate DC and AC electrical circuit skills; and solve problems using critical thinking skills, creativity, and innovation.

Certifications: National Center for Construction Education and Research (NCCER)

Electronic Technology CCTC FMTC

Length: 1400 hours (14 months)

Cost: \$4,539 (CCTC)

Cost: \$5,152 (FMTC)

Students train for today's booming industrial sectors: medical

equipment, control systems, drone technology, robotics, telecommunications, and solar/wind technologies. From circuits to microprocessors, soldering to troubleshooting, and repairing various electronic equipment, students learn the foundations in order to keep up with rapid changes in industrial technology.

Certifications: Electronic

Technicians Association (ESA); International Society of Certified Electronic Technicians (ISCET); Electronics Systems Associate (ISCET 002)

Emergency Medical Technician SWFPSA

Length: 300 hours • Cost: \$1,721

• Starting dates—call 334-3897

This program prepares students for employment as emergency medical technicians to function at the basic pre-hospital emergency medical technician level and treat various medical/trauma conditions using appropriate equipment and materials. This program prepares students for certification as EMT's in accordance with Chapter 64J of the Florida Administrative Code.

Certifications: Florida Department of Health

Fire Fighter I/II SWFPSA

Length: 438 hours • Cost: \$4,090

• Starting dates—call 334-3897

Become a State of Florida Certified Firefighter. Students will learn how to protect life and property by managing all phases of fire suppression, prevention, inspection and rescue. This program is approved by the Bureau of Fire Standards and Training.

Certifications: Florida Bureau of Fire Standards and Training

Florida Law Enforcement Academy SWFPSA

Length: 790 hours • Cost: \$3,528

• **Starting dates—call 334-3897**

This program prepares students for employment as entry-level law enforcement officers and meets the requirements of the Florida Criminal Justice Standards and Training Commission.

Certifications: Upon successful completion of the program, students are eligible to take the State Certified Examination for Law Enforcement, the required test to become a certified law enforcement officer in the state of Florida.

IV Therapy CCTC FMTC

Length: 30 hours • Cost: \$421

• **Please call for starting dates**

• **CCTC (239) 574-4440 • FMTC (239) 334-4544**

Become IV certified in the state of Florida. Learn about fluid and electrolyte balance, IV solutions, equipment utilized in IV therapy, venipuncture techniques, IV medication administration techniques, complications of IV therapy, and central line care.

HVAC/R Heating, Ventilation, Air-Conditioning/ Refrigeration Technician FMTC ▶

Length: 1350 hours (12 months)

Cost: \$6,787

Train for a cool career! Climate control technology is changing. The need for qualified HVAC technicians is expected to grow 34% from 2010 to 2020, much faster than the average for all occupations. Rising demand for trained technicians will result in excellent employment opportunities. Troubleshoot and wire electrical motors. Diagnose environmental management systems. Install, maintain, and repair heating, air conditioning, and refrigeration systems.

Certifications: Upon completion, the student will earn the required Environmental Protection Agency's (EPA) certification to handle refrigerants and the industry competency certification from the Air-Conditioning, Heating, and Refrigeration Institute (AHRI)

Major Appliance & Refrigeration Technician FMTC ▶

Length: 1200 hours (11 months)

Cost: \$5,073

Work on today's technologically enhanced refrigerators, ovens, microwaves, dishwashers, washers, and dryers. Utilize advance diagnostic equipment in a modern facility to troubleshoot and repair complex systems.

Certifications: Upon completion,

Academic Assistance

Students who require assistance in strengthening learning skills in reading, mathematics and language are provided with opportunities to enroll in Lee County Adult Education programs for support in ESOL and/or Applied Academics classes. These programs are available online, as well at various school sites throughout Lee County.

the student will earn the required Environmental Protection Agency's (EPA) certification to handle refrigerants and the Professional Service Association nationally recognized Graduate Certified Appliance Professional (GCAP) certification

Marine Service Technologies FMTC ▶

Length: 1350 hours (12 months)

Cost: \$6,565

Our area is such a natural resource for aquatic activities, not just the fishing, diving, and water sports, but also the great times with family and friends on the water. Become a marine technologies expert and get involved in boating by demonstrating your expertise in keeping the most technologically advanced marine propulsion units working.

Certifications: Johnson/Evinrude Essentials certification; and OSHA Forklift Training

Mechatronics Technology FMTC ▶

Length: 1550 hours (14 months)

Cost: \$5,627

The Mechatronics Technology program is designed to provide graduates with a high-tech skill set and knowledge in electronic, mechanical, fluid power/pneumatic systems, electrical, Program Logic Controller applications (PLC) programming, computer technology for maintenance and repair of PLC/computer controlled, automated machines and robotic systems.

Certifications: Certified Electronic Technician Associate, Electronics Technicians Association

Medical Administrative Specialist CCTC ▶

Length: 1050 hours (10 months)

Cost: \$4,408 (CCTC)

This program provides the basic medical knowledge to work in the medical field or in various business-related administrative assistant positions. Students will learn the concepts of running the front of a medical office and managing an electronic system. In addition, students will gain hands-on computer skills utilizing Windows and Microsoft Office applications.

Certifications: Microsoft Word; Excel; PowerPoint and Outlook.

Medical Assisting CCTC FMTC ▶

Length: 1300 (12 months)

Cost: \$6,068 (CCTC)

Cost: \$6,223 (FMTC)

Start a career in the wildly popular medical field! Students learn clerical and managerial skills, competencies in ECG, phlebotomy, laboratory skills, patient care and patient education. Become eligible for national certification exams in CCMA, Certified ECG Technician and Certified Phlebotomy Technician.

Certifications: CCMA (Certified Clinical Medical Assistant) exam

Medical Coder/Biller CCTC FMTC

This program is offered full-time at Cape Coral Technical College and online at Fort Myers Technical College.

Length: 1110 hours (10 months)

Cost: \$4,835 (CCTC - full-time)

Cost: \$4,621 (FMTC - online)

This course prepares you for the future of medical coding, insurance billing and insurance reimbursement, as well as CPC review and CPC preparation. We are currently teaching ICD-10 diagnostic and CPT procedural coding systems. With the transition in the United States to ICD-10, you will be trained in the global standard in medical coding & billing.

Certifications: CPC; CPB (optional)

.NET Application Development & Programming FMTC

Length: 1050 hours (10 months)

Cost: \$5,714

Learn how to create a Windows phone app, an N-tier web application, and how to incorporate an SQL database on the Windows platform. These are the skills that IT managers are seeking. Classroom work is combined with client projects in a setting that simulates the work environment.

Certifications: Microsoft Technology Assistant (MTA), .NET, HTML5 Application Development

Network Support Services CCTC ▶

Length: 1050 hours (10 months)

Cost: \$4,805

Students learn how to configure, support, and secure internet work devices, specifically routers and switches. The course focuses on the Cisco Routing and Switching (CCNA-R&S) and Cisco Security (CCNA-Security) core curriculum. This course also covers Wireless, Voice Over IP, as well as fundamental Linux server and desktop installation, configuration and basic administration. Course content also includes VMware and Fortinet.

Certifications: CCNA-R&S; CCNA-Security; CCNA- Wireless; Security+; Net+; Linux+; LDI-1; CLA

Network Systems Administration CCTC ▶

Length: 1050 hours (10 months)

Cost: \$4,952 (Option 1) / \$5,387 (Option 2)

This program is designed to prepare students for employment as a computer network administrator, wireless administrator, server administrator, data communication analyst, security administrator and is the prerequisite for the Cloud Computing & Virtualization course.

Certifications: During this program, it is highly recommended that students test for the following certifications: Net+, Security+, Certified Wireless Network Administrator (CWNA), Microsoft Certified Solutions Associate (MCSA).

Nursing Assistant (Articulated) CCTC FMTC

Length: 165 hours (6 weeks)

Cost: \$1,282 (CCTC)

Cost: \$1,369 (FMTC)

As a student, you will learn to provide basic care to patients in the hospital as well as long term care. This course includes instruction in Basic Healthcare Worker and Nursing Assistant. **Certification:** After completing the course, you are eligible to take the Florida Nursing Assistant Certification Exam.

Nursing Assistant (Long-Term Care) CCTC

Length: 120 hours, Part-Time (4 months)

Cost: \$1,150 (CCTC)

As a student, you'll work directly with patients and nurses in the hospital and long-term care settings.

Certifications: After completing the 120-hour course, you are eligible to take the Florida Nursing Assistant Certification Exam.

Optometric Assisting CCTC

Length: 1080 hours (10 months)

Cost: \$4,312

Over the course of 10 months, students will learn the procedures and equipment used in diagnosing and treating eye and vision deficiencies and office procedures related to the vision care field. As part of our training program, students receive real world experience under the supervision of a highly trained instructor and industry representatives, such as Optometrists, through off-campus clinical rotations and our on-site Vision Clinic.

Certifications: Certified Para Optometric Assistant and CPR

Plumbing FMTC ▶

Length: 1080 hours (10 months)

Cost: \$5,280

Get the training you need to enter the ever expanding field of plumbing. Opportunities abound in Construction, Maintenance, Water Treatment, Solar and more. Students in this class get both hands on experience and earn a national certification as a first year apprentice. Essential competencies include: OSHA 10 Safety Training, CPR First Aid, Plumbing System design, installation and maintenance, Plan Reading, Solar Water Heating Pools, Spas, Wells and Backflow Protection.

Certifications: National Center for Construction Education and Research (NCCER) Plumbing Level 1

CCTC and FMTC Learning/Testing Center

Students test and upgrade individual TABE test results in a library-like atmosphere. Certification testing through Certiport, CIW, ETA, Adobe, ParaPro, Prometric, NHA and PearsonVue are available to any student in a current program.

Practical Nursing CCTC FMTC

Length: 1350 hours (13 months - full-time);

24 months (part-time at FMTC)

Cost: \$7,165 (CCTC)

Cost: \$7,186 (FMTC)

As a student, you'll work directly with patients, nurses, and physicians in the hospital and other health care facilities. After completing the program, successfully, you are eligible to take the Practical Nurse National Licensing Exam (NCLEX-PN). Full- and part-time classes are available at both campuses.

Certifications: AHA- HCP
BLS;
IV Therapy (Post graduation)

Professional Culinary Arts & Hospitality

CCTC FMTC ▶

Length: 1200 hours (11 months)

Cost: \$4,711 (CCTC)

Cost: \$4,819 (FMTC)

Enjoy the fruits of your labor! Learn a highly professional and individually creative career in culinary arts. Enhance your communication skills as you prepare for employment in a fast-paced environment. This program features daily hands-on experience as students prepare cuisine for the entire school.

Certifications: Earn a certificate as a ServSafe® Food Manager, the industry gold standard, and the optional ACF Certified Culinarian with a minimum of 1 year of field experience.

Turbine Generator Maintenance, Inspection & Repair FMTC

Length: 1350 hours (12 months)

Cost: \$5,385

Experience the adventure of traveling the country and get paid well to troubleshoot, and overhaul large gas and steam turbine generators. The program has a focus on hands on training, learning about proper methods of disassembly and assembly of large equipment including inspection and repair methods using precision measuring tools. Students will also learn about the auxiliary equipment in

power plants and manufacturing such as pumps, valves, piping systems, boilers and electrical systems.

Certifications: Power Generation Mechanic Certification and National Center for Construction Education and Research (NCCER) Level 1 and 2

Veterinary Assisting CCTC

Length: 750 hours (7 months)

Cost: \$2,949

Veterinary assistants work alongside veterinarians performing most aspects of animal care. Learn to work as part of a team, respect the patients, basic first aid, medical terminology, handling and restraint, animal anatomy, diseases and treatments, as well as professional and ethical standards of veterinary medicine. Instruction will include lecture, class discussion, hands-on training, and 500 hours of practical veterinary assisting experience.

Certifications: Certified Veterinary Assistant (CVA)

Web Application Development & Programming FMTC

Length: 1050 hours (10 months)

Cost: \$5,714

Master the structure, logic, and problem-analysis skills needed to successfully begin and sustain a career in this explosive, ever-evolving industry. Students gain both client-side and server-side development skills by creating practical, real-world web application projects using current languages, frameworks, and tools. Languages include: JavaScript, MySQL, PHP, AJAX, XML, JSON, Python and more.

Certifications: HTML5, App Development Fundamentals

Welding Technology FMTC

Length: 1050 hours (10 months)

Cost: \$6,892

The program covers all four major welding processes including SMAW, GTAW, GMAW and FCAW; American Welding Society welding symbols; blueprint reading for welders; torch cutting, plasma cutting, and carbon arc gouging.

Certifications:
American Welding Society D 1.1
Structural Welding certification.

The School District of Lee County does not discriminate on the basis of gender, race, color, age, religion, sex, sexual orientation, national or ethnic origin, marital status, or disability in the provision of educational programs, activities or employment policies as required by Title IX, Title VI, Title VII, Age Discrimination Act of 1967 and Section 504 of the Rehabilitation Act of 1973, 1992, Americans with Disabilities Act, the Florida Educational Equity Act of 1984 and the Boy Scouts of America Equal Access Act.

Lack of English language skills will not be a barrier to admission and participation. The district may assess each student's ability to benefit from specific programs through placement tests and counseling, and, if necessary, will provide services or referrals to better prepare students for successful participation.
